BHAVAN'S SCIENCE, SOCIAL SCIENCE AND ART EXHIBITION 2024-25

Our school organised a Science, Social Science & Art Exhibition on Saturday, 20th April 2024. The aim of this event was to foster scientific temper, curiosity, creativity and a love for science among our young learners. It was a wonderful opportunity for all our budding scientists, innovators and enthusiasts of grades 2 to 12 to

showcase their creative projects and experiments. This exhibition was not only an occasion for our students to demonstrate their understanding of scientific concepts but also a platform for them to explore their imagination and problem-solving skills.

The Chief Guest of the event, Dr. Sunita Martin, a senior High school teacher of Kodaikanal International school was highly impressed and appreciated our students and teachers for their projects and the wonderful presentation. The Exhibition was a resounding success.

CAMPUS CLEANING

As a part of **Earth Day Celebration**, and to sensitize the children to become the crusaders for environmental conservation, a campus cleaning campaign was organised in school on 22nd April 2024. Such programmes help us to educate and to promote civic sense among student community. Our students participated in the event enthusiastically.

WORLD HEALTH DAY CELEBRATED IN SCHOOL

World Health Day (WHD) is celebrated on 7th April every year to mark the anniversary of the founding of WHO in 1948. The theme for World Health Day 2024 is 'My health, my right'. According to the World Health Organisation, this theme aims to promote the right of everyone, everywhere to have access to health services, education and information.

To mark the occasion, a special assembly was organised in school on 23rd April 2024. The students of grades 2 put up a wonderful song and dance show emphasising the importance of good health.

CAREER COUNSELLING FOR STUDENTS

Every school student needs career counselling irrespective of their school name or location. There was a time when people opted for career counselling only before getting into a professional world. However, as time has changed, people can realize how counselling at an early stage can be helpful and suggest better

ways to plan career growth.

A career counselling program was conducted in school for the students of grades 8 to 12 on 23rd April 2024. The students found the session to be highly interesting and informative.

CAREER COUNSELLING AND GUIDANCE- A SESSION FOR PARENTS

Parents play a crucial role in their children's career counselling. They are instrumental in their children's career guidance process.

As career counselling for parents is a valuable resource for supporting their child's career goals, a

Career Counselling session for parents on how to help them choose the right career for their wards was organised on 24th April 2024. The parents found the session to be highly beneficial.

PTA MEETING

The first PTA meeting for the academic year 2024-25 was held on 24th April 2024 at 11 a.m. The parents attended the meeting in large

numbers and shared their views and opinions. The Principal, Dr. Meera Rajkumar addressed the parents and had a discussion with them. The meeting concluded with the Vote of Thanks and the National Anthem.

TREE PLANTATION CAMPAIGN

As a part of Earth Day Celebration, our teachers planted trees in the school campus and showed their sincerity and sense of commitment towards Mother Earth.
